Regional CCR&R Services (FY19)

Working families who received education and assistance finding child care (# of children served): 4,458
Child care classrooms/homes that received technical assistance to improve/maintain their quality: 539
Child care professionals who received training and professional development: 3,272

Service Highlights:

Parent receiving referral: ***"This was my first time looking for child care and I had a great deal of anxiety about returning to work and sending my children to day care. The staff was extremely helpful. They called the list of potential providers that met my budget/location to make sure they had slots available before I set up visits. I am very grateful for the support and guidance."***

Head Start Coordinator whose sites received Technical Assistance: ***"I wanted to thank you and tell you how much we appreciate the support that our TA Specialist provided as Orange County Head Start and Orange County Schools went through the rated license process. Thanks again for this valuable service and for employing quality TAs!"***

Provider who received financial assistance with school: ***"(CCR&R) has helped me gain the education that helps me be a better preschool teacher. Education has made me a better person and has given me new knowledge about young children that I probably would not have gotten without it."***

Child care resource and referral (CCR&R) services across North Carolina are funded by a variety of sources including the North Carolina Division of Child Development and Early Education, local Smart Start organizations, child care, and other businesses, community agencies and private philanthropy (individual, family, corporate and community).
